

STANDARD DETAILS INDEX (Cont.)

Title	Page
Duplex Lift Station Detail (Section)	LS 02
Lift Station Fence Detail	LS 03
Wet Well Installation (Caisson Construction)	LS 04
Wet Well Section Retainer Strap	LS 05
Water Service Detail At Lift Station	LS 06
Lift Station Hatch Detail	LS 07
Lift Station Control Panel (Single Door)	LS 08
Lift Station Panel Dead Front Layout	LS 09
Duplex Lift Station Control panel Schematic	LS 10
Lift Station Control Panel Material List	LS 11
Diaphragm Seal, Pressure Gauge and Transducer	LS 12
Telemetry Antenna General Requirements	LS 13
Triplex Station Control Panel Layout	LS 14
Triplex Station Schematic (1)	LS 15
Triplex Station Schematic (2)	LS 16
Triplex Automatic Transfer Switch	LS 17
Triplex Station Site Plan	LS 18
Triplex Station Profile	LS 19
Service Connection Detail 5/8" or 1" Meter	WS 01
Typical Connection for Multiple Services (Three or More)	WS 02
2" Meter Detail	WS 03
Typical Above Ground Meter (3" or Larger)	WS 04
Water Connection (Single or Double) Plan/Profile	WS 05
Fire Hydrant Installation Detail and Notes	WS 06
Sample Point Detail	WS 07
Pressure - Type Vacuum Breaker (P.V.B.) (Irrigation System)	WS 08
Reduce Pressure Backflow Preventer Single Service 3/4", 1", 1-1/2" and 2"	WS 09
Reduce Pressure Backflow Preventer Dual Service 3/4", 1", 1-1/2" and 2"	WS 10
Meter and Backflow Assembly (3" and Larger)	WS 11
Fire Line Double Detector Check Valve	WS 12
Air Gap Separation	WS 13
