

South Martin Regional Utility – South Water Treatment Plant (SWP) is accepting bids for the following:

Purchase and install a 10" VFD Rated Submersible Motor. The motor must be 3-phase/60Hz/460v, 100hp, 1800rpm, and 316 Stainless Steel Construction. The motor must include 150' of submersible cable with internal splicing on the motor (no external splices). Installation must include removing the existing motor, replacement of the 8" Certalok threaded adapter to the pump, setting the pump and motor (100 ft of column provided), chlorinating the well, and startup.

The SWP is located at 9650 SE Water St., Hobe Sound FL, 33455.
Itemized Bid should include all costs for shipping, labor, and materials.
For additional information, contact Kevin Carey: (772) 631-3153.

Bids are to be submitted electronically via email to:
Kevin Carey, Water Division Manager: kcarey@tji.martin.fl.us

Bids must be received by **Wednesday April 21, 2021 at 3:00pm.**
